Takes Ownership

May 30, 2022

Thanks for the great work on Payments

Keerthana, thanks for all the great work you have done with the Payments flow. You helped co-ordinate with team very effectively to handle all issues raised by the AML team, numerous changes that came in, including logic and structural changes. For the last 6+ months, you have worked tirelessly with the team to ensure that weekly, sometimes biweekly releases went out to support our commitment to meet AML timelines. You took ownership and had daily calls with the team. Keep up the great work, Keerthana. You are an asset to the Olympus dev team. Regards Gayatri
